

Adding Google Earth and Google Maps to Your Curriculum

Joan Kane

Whitney M. Young Magnet High School
Chicago Public Schools

What's the Difference

- [Google Maps](#)
 - Free web map server application
 - Offers street maps, a route planner, and an urban business locator
- [Google Earth](#)
 - Free 3D globe maps of the earth using images obtained from satellite imagery, aerial photography and GIS
 - Offers enhanced globe-viewing features

Google Earth

- Panels
 - Fly to
 - Directions
 - Layers
- Measuring distances
 - Using lines
 - Using paths

Creating Placemarks

Valley Forge

- Wikipedia entry
- Creating a placemark
- Adding a link to:
Try these Valley Forge games
- Inserting a picture
**

Setting Up a Tour

- Creating a folder
- Organizing the placemarks
- Playing the tour
- Saving the tour

Using Google Earth in the Curriculum

- Language Arts:
Explore the places in Jules Verne's [Around the World in Eighty Days](#)
<http://bbs.keyhole.com/ubb/download.php?Number=156427>
- Explore Antarctica with [Sir Ernest Shackelton](#)
<http://bbs.keyhole.com/ubb/download.php?Number=151193>

Google Earth Games

Try these games:

- Brewster Jennings Protects America
<http://www.brewsterjennings.com/>
- Guess the Place
<http://www.gamesforthebrain.com/game/guessplace/>
